

Vishva Hindu Parishad of Australia Inc., WA Chapter

COVID- VHP supporting the community

COVID-19 was tackled well with a great team of volunteers.

We distributed dry grocery kits and care packs to students and families all around Perth. We also had a consultant Psychiatrist on board for taking distress calls from those who were unable to cope with their current circumstances.

We offered job referrals to students and immigration queries were answered by trusted professionals.

We tied up with 6 other Hindu organisations to extend our reach to the community. We collaborated with ISKON to deliver our flyers with their food orders.
