

Vishva Hindu Parishad of Australia Inc., WA Chapter

7th Australian National Hindu Conference 26th of September, 2021

Connected Communities : Vibrant Australia

Vishva Hindu Parishad of Australia Inc. is a not for profit community organisation, which strives for the ideal of Vasudhaiva Kutumbakam (the world is one large family) and has been actively serving the community to this end.

Our aim is to promote the principles of unity in diversity, social cohesion, multiculturalism, harmony, inclusiveness, and pluralism in Australia. We do this in partnership with the local councils, the federal and state governments to promote peace, prosperity and pride in the Australian cultural diversity. VHP Australia has successfully organised 6 similar conferences in the past in the other states.

We are organising the 7th Australian National Hindu Conference on Sunday, the 26th of September 2021 at the Murdoch Lecture Theatre, University of Western Australia from 9:00am to 5:00pm.

The theme of the conference is 'Connected Communities : Vibrant Australia'. This is not a religious or philosophical conference but a cultural conference.

These conferences have been providing an opportunity for various levels of Government to become aware of the Hindu community and its services to the larger society.

This will be an excellent opportunity for you to meet more than 20 ethnic organisations representing people from more than six countries and more than 70 community leaders of Western Australia under one roof and explore how Australian Hindus are working together to strengthen Australia.

Hindus constitute 15% of the world population, the 2011 Census of Australian Bureau of Statistics indicated that Hindu Dharma is one of the fastest growing religions in Australia. Hindus have always been a contributing community to the society they live in.

In Australia we have Hindus from India and many different parts of the world. There are many temples, organisations, associations, institutions, groups and individuals in the Hindu society working actively to serve Hindu and the wider Australian society.

The aim of this conference is to bring all Australian Hindus to a common platform to network, share experiences and highlight their contribution to the Australian society. It will also be an opportunity for the united Hindu community to highlight to the government and political leaders and to the wider Australian society, how the Hindu community is contributing towards strengthening the multicultural fabric of Australia.

Vishva Hindu Parishad of Australia Inc., WA Chapter

The conference will cover the following topics:

- Working with Government agencies
- Collaboration among Hindu organisations
- The role of Australian Hindu Youth in preserving Hindu Dharma in Australia
- Bridging the gap between Hindus from various countries
- Hindu Organisations, Temples and Associations serving the society
